

Here are the pictures of the interior hurricane shutter we had made for the front glass door.

Not only are these helpful for the storms, it gives extra security when you leave on a trip. It takes only 15 minutes to install or uninstall. We are storing them using the queen size bed in our guest room.

Here is the name of the installer
Keith Sullivan
954-224-5892

Thanks,
Sandra and

Tom
